## Interroll France with new General Manager

**Sant'Antonino, Switzerland/ Saint-Pol-de-Léon, France, January 6, 2021. Material handling expert Interroll announced that Marc Langlois took over the role of Managing Director for Interroll SAS in France on January 1, 2020.**

The 48-year old Langlois brings in extensive experience and knowledge within the fields of business development, sales and management both with B2B and B2C focus. In his previous leading roles, he was Business Unit Director (Sales, Marketing & Operations), Retail & Security B2B for Sensormatic by Johnson Controls and held leading positions at Robert Bosch, such as Business Developer EMEA for 3D printer & Laser cutting EMEA and Country Manager Rotary Tools, Southern Europe & Africa continent.

Marc Langlois holds a master of science degree in international commerce (DESE) from Conservatoire national des arts et métiers (CNAM) as well as a degree of the Higher Institute of Marketing (ISM) in Paris in cycle marketing.

"Marc's expertise in a number of highly innovative industries combined with his strong track record in technology-related B2B sales are a great asset for our ambitious business development targets for the French market. With Interroll as partner, customers and end users can expect strong support in their strive for more productivity in material handling," said Maurizio Catino, Executive Vice President Global Sales & Solutions at Interroll.

Langlois succeeds Gilles Calvez, who retired in his function as Managing Director by the end of 2020, but will continue to support Interroll internationally as Business Development Director for Interroll's Smart Pallet Mover (SPM) from January 2021. "We thank Gilles for his excellent commitment and contribution to Interroll's success story in the French market. At the same time, we look forward to continue our cooperation with him in order to strengthen our business in manufacturing logistics with innovative solutions," Catino said.

## About Interroll

The Interroll Group is the leading global provider of material flow solutions. The company was founded in 1959 and has been listed on the SIX Swiss Exchange since 1997. Interroll supplies system integrators and plant manufacturers with a wide range of platform-based products and services in the following categories: "Rollers" (conveyor rollers), "Drives" (motors and drives for conveyor systems), "Conveyors & Sorters" and "Pallet & Carton Flow" (flow storage systems). Solutions from Interroll are used in express and postal services, in e-commerce, in airports, in the food and beverage, fashion and automotive sectors, and in many other industries. The company is used by leading brands such as Amazon, Bosch, Coca-Cola, DHL, Nestlé, Procter & Gamble, Siemens, Walmart and Zalando. With its headquarters in Switzerland, Interroll has a global network of 32 companies with a turnover of CHF 559.7 million and 2,400 employees (2019).
