## New Managing Director at Interroll Nordic

**Sant'Antonino, Switzerland/Hvidovre, Denmark, December 1, 2020. Material handling expert Interroll appointed Anders Otte Jørgensen as the new Managing Director for Interroll Nordic A/S.**

The 47-year-old Jørgensen brings in extensive experience and knowledge within the fields of business development, sales and management both on strategic and operational level. In his previous leading roles, he was the Local Business Unit Manager Drives & Controls for ABB as well as CEO of Arcon Solar, a Part of VKR Holding (VELUX).

He holds a master of science degree in Mechanical Engineering from the Technical University of Denmark (DTU) and a Graduate Diploma in Marketing Management from Copenhagen Business School (CBS).

"Anders' vast knowledge of a range of industries combined with his strong business acumen and strategic perspective will be key to our further expansion in Nordic markets. Our customers can count on even more value add and strong service support for their present and future material flow needs," said Maurizio Catino, Executive Vice President Global Sales & Solutions at Interroll.

Interroll Nordic was established 22 years ago and has since developed into a quality brand for material handling solutions in the Scandinavian and Baltic markets. Today, 28 employees based in sales offices in the Nordic area provide customers and end-users with platform-based solutions and a strong service offering in the fields of rollers, drives and controls, conveyors and sorters as well as dynamic storage.

**About Interroll**

The Interroll Group is the leading global provider of material flow solutions. The company was founded in 1959 and has been listed on the SIX Swiss Exchange since 1997. Interroll supplies system integrators and plant manufacturers with a wide range of platform-based products and services in the following categories: "Rollers" (conveyor rollers), "Drives" (motors and drives for conveyor systems), "Conveyors & Sorters" and "Pallet & Carton Flow" (flow storage systems). Solutions from Interroll are used in express and postal services, in e-commerce, in airports, in the food and beverage, fashion and automotive sectors, and in many other industries. The company is used by leading brands such as Amazon, Bosch, Coca-Cola, DHL, Nestlé, Procter & Gamble, Siemens, Walmart and Zalando. With its headquarters in Switzerland, Interroll has a global network of 32 companies with a turnover of CHF 559.7 million and 2,400 employees (2019).
